Public URLs & Sharing Links

Tournament URLs

Purpose	URL Format	Example
Tournament Page	`https://sportzley.com/t/{slug}`	https://sportzley.com/t/ipl-2026

Fixtures	`https://sportzley.com/t/{slug}/fixtures`	https://sportzley.com/t/ipl-2026/fixtures
Point Table	`https://sportzley.com/t/{slug}/point-table`	https://sportzley.com/t/ipl-2026/point-table
Statistics	`https://sportzley.com/t/{slug}/statistics`	https://sportzley.com/t/ipl-2026/statistics
Teams	`https://sportzley.com/t/{slug}/teams`	https://sportzley.com/t/ipl-2026/teams

Registration URLs

Purpose	URL Format	Example
Player Registration	`https://sportzley.com/t/{slug}/register/player`	https://sportzley.com/t/ipl-2026/register/player
Team Registration	`https://sportzley.com/t/{slug}/register/team`	https://sportzley.com/t/ipl-2026/register/team
General Player Registration	`https://sportzley.com/player/register`	Direct player signup

Match URLs

Purpose	URL Format	Example
Match Details	`https://sportzley.com/m/{match-id}`	https://sportzley.com/m/123
Match Scorecard	`https://sportzley.com/m/{match-id}/scorecard`	https://sportzley.com/m/123/scorecard
Match Summary	`https://sportzley.com/m/{match-id}/summary`	https://sportzley.com/m/123/summary
Match Poster	`https://sportzley.com/m/{match-id}/poster`	https://sportzley.com/m/123/poster

Live Ticker URLs (For Broadcasting/Streaming)

Purpose	URL Format	Example
Public Live Ticker	`https://sportzley.com/live/{match-id}`	https://sportzley.com/live/123
Alternative Ticker	`https://sportzley.com/m/{match-id}/ticker`	https://sportzley.com/m/123/ticker

Usage: Add this URL as a browser source in OBS/Streamlabs for 1920x1080 live score display.

Auction URLs

Purpose	URL Format	Example
Live Auction Display	`https://sportzley.com/auction/{id}/live`	For LED screens
Auction Results	`https://sportzley.com/auction/{id}/results`	Final results
Sold Players Display	`https://sportzley.com/auction/{id}/sold`	Sold list

Player URLs

Purpose	URL Format
Player Dashboard	`https://sportzley.com/player/{id}/dashboard`

Feature Guides

1. Creating a Tournament

1. **Login** at https://sportzley.com/admin
2. Go to **Tournaments** > **New Tournament**
3. Fill in tournament details:
    - Name, description, dates
    - Set status to "registration" to enable registrations
    - Configure settings
4. After creation, access **Tournament Dashboard**

2. Tournament Dashboard Features

Access: https://sportzley.com/admin/tournaments/{id}/dashboard

Tab	Function
Overview	Tournament stats and quick actions
Settings	Configure tournament options
Registrations	View/approve player & team registrations
Groups	Create and manage groups
Fixtures	Generate group stage & knockout fixtures
Point Table	Standings and qualifications
Statistics	Player and team statistics
Awards	Configure tournament awards
Calendar	Visual match scheduling
Templates	Generate posters

3. Sharing Registration Links

From Tournament Dashboard, copy these links:

For Players:

```
https://sportzley.com/t/{tournament-slug}/register/player
```

For Teams:

```
https://sportzley.com/t/{tournament-slug}/register/team
```

4. Using the Template Editor

1. Go to **Settings** > **Templates**
2. Create new template or edit existing
3. Use drag-and-drop editor to:
    - Add text, images, shapes
    - Position elements
    - Set colors and fonts
4. Save and use in poster generation

5. Generating Posters

1. Go to **Tournament** > **Dashboard** > **Templates** > **Generate**
2. Select template
3. Choose data (player, match, etc.)
4. Generate and download poster

6. Setting Up Live Ticker for Streaming

1. Create/edit a match
2. Go to match details and click **Live Ticker**
3. Copy the public URL: `https://sportzley.com/live/{match-id}`
4. In OBS/Streamlabs:
    - Add Browser Source
    - Set URL to the live ticker link
    - Set resolution to 1920x1080
5. Update scores from admin panel - ticker updates in real-time

7. Running an Auction

1. Go to **Auctions** > **New Auction**
2. Configure:
    - Linked tournament
    - Participating teams
    - Player pool
    - Budget settings
3. Start auction from admin panel
4. Share public display URL for LED screens
5. Team managers can bid via their dashboard

8. Managing Registrations

1. Go to **Tournament** > **Registrations**
2. Review pending registrations
3. **Approve** or **Reject** individually
4. Use **Bulk Approve** for multiple registrations
5. Approved players/teams appear in the system

Quick Reference Card
